

Photograph Permission Form

The use of photographs helps us to record and celebrate the activities your children have been involved in. However, as with everything involving children, photography must be used with care and wisdom. At Framfield we take the issue of child protection very seriously and we will never knowingly publish an image of your child without your consent.

Photographs of children attending events at Framfield will only be taken by parish staff or volunteers, except in exceptional circumstances and only then with prior permission (for example if we get an external photographer in to record a specific event). They will only ever be used for the purpose for which they were taken - for instance, a photograph of a church fete for a display at the back of church will not be used on our website, unless you have also granted permission for that to occur

As the parent or carer of the child named below, I grant permission for images of my son or daughter to be used for the following purposes:

(please tick for consent, leaving blank any that you do not give permission for)

- Electronic and printed displays at the church (eg photos of activities)
- Records of my child's activities
- Church website
- Promotional material for the Parish or Church
- Local newspaper or magazine
- National newspaper or magazine

I understand that personal details or names of any child in a photograph will never be given in such a way that would allow them to be individually identified.

I understand that this image will NOT be used for anything which may be viewed as negative in tone or that may cause offence, embarrassment or distress for the child or their parent or carer.

I understand that there will be no payment for my child's participation.
